

I was raped (content note)

I was raped. It was a devastating experience for me. My virginity was taken from me never allowing me to experience giving my virginity to a man I truly loved. I was at a party liquor was provided and I was drunk. I proceeded to go to bed in the living room alone. All the guests left but one came back and came in due to the fact the door was unlocked. He proceeded to lay next to me but I told him he couldn't lay under the blanket. He then decided to get under the blanket pull down my pants I told him no and tried to push him off but I was weak from being intoxicated. I was shocked like is this how I'm losing my virginity? As he inserted his penis in me and thrust in me about a few minutes I scraped up enough strength to lie my way out of getting him off of me. I told him I had to use the bathroom. Once he was off of me I locked myself in the bathroom until I heard him leave. It hurts because he now has kids by a family member and claims he was my first. I hate him. I still feel horrified everytime I see him. I just get filled with rage and want to attack him. I hate him!!!!!!
